Official Technical Data Sheet (TDS) · EN

Technical Data Sheet: ET-POR-01 Odor Neutralizer

Fast-Acting Biochemical Solution for H_2S, Ammonia & Industrial Emission Odor Abatement

Product Identification & Mechanism

ET-POR-01 — Biochemical Odor Neutralizer Solution

Permanent molecular neutralization of H_2S, ammonia, mercaptans, and industrial VOCs.

0%	>95%	1:500	6.5–7.5
Masking Perfumes	**Biodegradability**	**Max Dilution Ratio**	**Neutral pH Value**
Permanent Bond Cleavage	OECD 301D in 28 Days	Ultra-Low Operating Cost	Non-Corrosive to Pumps

Technical Property	Verified Specification	Analytical Method	Operational Advantage
Appearance & State	Clear to light amber homogeneous liquid	Visual Inspection	Clog-free in high-pressure fogging nozzles
Specific Gravity	1.02 – 1.05 g/cm³ at 20°C	Hydrometer Density	Instantly miscible in municipal or well water
Concentrate pH	6.5 – 7.5 (Neutral)	Calibrated pH Probe	100% non-corrosive to steel misting piping
Target Emission Gases	H_2S, Methyl Mercaptan, Ammonia (NH_3), Amines, Volatile Acids	Olfactometry & Multi-Gas Sensors	Irreversible biochemical reaction at source
Dilution Ratios	1:50 to 1:500 (Water Dilution)	Volumetric Dosing	Adapts to perimeter fogging or sludge spraying
Biodegradability	> 95% biodegradable within 28 days	OECD 301D Standard	Zero toxicity when discharged to treatment works
Shelf Life & Handling	24 Months stored sealed (5°C – 35°C)	Active Stability Test	Non-flammable; standard PPE handling

Industrial Applications & Dosing Protocols

Wastewater Lift Stations, Landfills, Composting & Rendering Facilities

Engineered to satisfy municipal air quality regulations and occupational HSE limits.

Recommended Systems & Dosing Ratios

Municipal & Industrial Ready

- Perimeter Odor Mist Cannons & Fogging Lines: Dilute ET-POR-01 at 1:200 to 1:500 in clean water for continuous airborne neutralization across landfill faces and transfer stations.
- Wastewater Wet Wells & Sludge Hoppers: Dilute at 1:50 to 1:150 for direct surface or vapor-phase dosing over open clarifiers, holding tanks, and composting windrows.
- Environmental Advantage: Contains zero synthetic masking fragrances, zero heavy metals, and zero volatile organic solvents.
